Specifikace

Design and fitting

- General ambient light
- Color white

Base - technical assembly base

- LED integrated 100
- GU10 standard 100

Product dimensions & weight

- Length 37 mm
- Width 37 mm
- Net weight 28 g

Technical specifications

- Color range: 16M (16.7M)
- Number of bulbs: 1
- Filament bulb or LED bulb: LED
- Filament bulb or LED bulb: LED
- Total power output: 100 W
- Base diameter: 10
- LED type: GU10
- Beam angle: 180°
- IP code: IP20, protection against ingress of water
- Class of protection: IP20
- Class of protection: IP20

Colors

- 16M (16.7M)

Packaging dimensions & weight

- Height 38 mm
- Length 38 mm
- Weight 37 g

Requirements

- Dimmer required for fitting & operation
- 230 V
- Type GU10
